### PERSONAL PROFILE

Developing relationships between industry and government is a key skill, to achieve outcomes and solutions to complicated issues. I'm insightful and strategic in my thinking, and tenacious in seeking out innovative solutions to make changes for the better.

### EDUCATION

- Harvard University, JFK School of Government, Strategic Management of Regulatory and Enforcement Agencies Executive Program, (2005)
- Victoria University of Wellington, Masters of Library and Information Systems, (1999-2002)
- Massey University, BA - Social Sciences (Geography), (1989-1991)

### EXPERIENCE

#### Silvereye Ltd

Senior Consultant | [www.silvereye.co.nz](http://www.silvereye.co.nz)

Maintain and establish strong and effective working relationships with relevant stakeholders, throughout government. Monitor emerging issues and policy changes of interest to clients, including: NZ Fur Council and PEPANZ. Facilitate and distributed knowledge and expertise within the Silvereye team to improve expertise.

#### Property Council NZ

Senior Advocacy Advisor, Public Engagement Lead

Led advocacy on PCNZ's national strategic priority areas, including: finance and tax settings; infrastructure funding; planning, housing development, building and building code system reform; Monitored emerging issues and policy changes at central and local government levels that are of interest to our members. Managed and led our internal working groups to effectively manage our positions and submissions on various areas of interest. Facilitated and distributed knowledge and expertise within PCNZ to improve expertise. Mentored Auckland Advocacy team members due to Manager residing in Wellington. Maintained and established strong and effective working relationships with relevant stakeholders, including, elected central and local government members, other advocacy groups, government agencies, and our membership.

#### Taupo District Council

Senior Policy Advisor

Led work programmes associated with the annual and service performance reporting, strategy, policy development, research and implementation. Responsible for the Quality Assurance and Monitoring Laboratory until its sale in 2013. Managed the sale process to an independent international company based in Taupo. Direct report was responsible for managing the laboratory staff.

#### NZ Police

National Advisor: Strategy and Implementation Programme

Team management of four direct reports, including setting staff performance standards from planning, coordinating, developing and monitoring workloads to ensuring team and individual responsibilities are clearly defined and understood. Responsible for the performance management of under-performing staff. On both occasions led to a voluntary resignation, and good feedback received by both Police HR and union representatives. Led discussions between Police, NZTA and MoT in order to get drug driving changes into the Land Transport Act. Contributed to the development of the road policing management framework, including strategy, policy development, research and implementation. Monitored any emerging requirements for road policing legislative reform. Facilitated and distributed knowledge and expertise within Police and Districts to improve expertise on project management methods, techniques, and tools. In particular, assisting with project management knowledge for the speed camera replacement project and participating on the evaluation team. Led discussions between Police, NZTA and MoT in order to get drug driving changes onto the Land Transport Act. Maintained and established strong and effective working relationships with relevant stakeholders both internally within Police and externally with agencies such as Land Transport New Zealand, Ministry of Transport, ACC, Transit NZ, Automobile Association, Australian jurisdictions, most closely Victoria, and others.

## **EXPERIENCE**

### **Ministry of Consumer Affairs**

Advisor - Product Safety Standards (Principal level) | December 2003 – March 2006

Led and provided high quality strategic policy advice and recommendations to the Minister of Consumer Affairs on product and service safety issues, under the Fair Trading Act. Represented New Zealand interests in the development of joint and international standards. Maintained and established strong and effective working relationships with relevant stakeholders, including, advocacy groups, government and quasi-government agencies, international counterparts, and the media.
